Academy for the Future with Edenred Polska - let's change the child's life story. We invite you to take part in a shared campaign.

Edenred Polska, the world leader of prepaid services, incentive and loyalty systems in business, yet again joins charitable activities to help those in need.

This year, thanks to the cooperation with the WIOSNA Association, it will provide support to the **ACADEMY FOR THE FUTURE**. It is an educational programme addressed to pupils from primary schools for whom the environment in which they are growing or difficult life experiences constitute one of the reasons behind their failure at school, a block in peer relationships, or lack of internal motivation to strive for a better future.

The Academy for the Future has been operating already for 16 years. During that time, thanks to the support from donors and funding of Academy Success Indexes, it has managed to change the lives of nearly 14,000 children. Each Index provides real financial support to the development of the Academy, and first and foremost new opportunities for thousands of children in the whole of Poland.
